**Certain New Chemicals; Receipt and Status Information**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** Section 5 of the Toxic Substances Control Act (TSCA) requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory) to notify EPA and comply with the statutory provisions pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and 5(d)(3) of TSCA, EPA is required to publish a notice of receipt of a premanufacture notice (PMN) or an

application for a test marketing exemption (TME), and to publish periodic status reports on the chemicals under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from April 26, 2010 to May 7, 2010, consists of the PMNs and TME, both pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

**DATES:** Comments identified by the specific PMN number or TME number, must be received on or before July 9, 2010.

**ADDRESSES:** Submit your comments, identified by docket identification (ID) number EPA-HQ-OPPT-2010-0456, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

- *Mail:* Document Control Office (7407M), Office of Pollution Prevention and Toxics (OPPT), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001.

- *Hand Delivery:* OPPT Document Control Office (DCO), EPA East Bldg., Rm. 6428, 1201 Constitution Ave., NW., Washington, DC. Attention: Docket ID Number EPA-HQ-OPPT-2010-0456. The DCO is open from 8 a.m. to 4 p.m.,

Monday through Friday, excluding legal holidays. The telephone number for the DCO is (202) 564-8930. Such deliveries are only accepted during the DCO's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

**Instructions:** Direct your comments to docket ID number EPA-HQ-OPPT-2010-0456. EPA's policy is that all comments received will be included in the docket without change and may be made available on-line at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through [www.regulations.gov](http://www.regulations.gov) or e-mail. The [www.regulations.gov](http://www.regulations.gov) website is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through [www.regulations.gov](http://www.regulations.gov), your e-mail address will be automatically captured and included as part of the comment that is placed in the docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other

contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

*Docket:* All documents in the docket are listed in the docket index available at <http://www.regulations.gov>. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. Publicly available docket materials are available electronically at <http://www.regulations.gov>, or, if only available in hard copy, at the OPPT Docket. The OPPT Docket is located in the EPA Docket Center (EPA/DC) at Rm. 3334, EPA West Bldg., 1301 Constitution Ave., NW., Washington, DC. (1400F), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; via telephone/voice mail (202) 343-9867; fax (202) 233-0643; or e-mail at [stallworth.holly@epa.gov](mailto:stallworth.holly@epa.gov). General information concerning the CASAC can be found on the EPA Web site at <http://www.epa.gov/casac>.

**SUPPLEMENTARY INFORMATION:**

**Background:** The Clean Air Scientific Advisory Committee (CASAC) was established under section 109(d)(2) of the Clean Air Act (CAA or Act) (42 U.S.C. 7409) as an independent scientific advisory committee. CASAC provides advice, information and recommendations on the scientific and technical aspects of air quality criteria and national ambient air quality standards (NAAQS) under sections 108 and 109 of the Act. The CASAC is a Federal advisory committee chartered under the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C., App 2. The Panel will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Section 109(d)(1) of the CAA requires that the Agency periodically review and revise, as appropriate, the air quality criteria and the NAAQS for the six "criteria" air pollutants, including particulate matter (PM). EPA conducts scientific and policy assessments related to both primary (health-based) and secondary (welfare-based) standards for each of these pollutants. As part of that process, the CASAC Particulate Matter Review Panel has been reviewing a series of EPA's assessments that provide the basis for EPA rulemaking on particulate matter.

At the July 26-27, 2010 meeting, the CASAC Particulate Matter Review Panel will review EPA's forthcoming *Policy Assessment for the Review of the Particulate Matter National Ambient Air Quality Standards—Second External Review Draft* (June 2010). EPA's Office of Air and Radiation's Office of Air Quality Planning and Standards

(OAQPS) requested CASAC's review of this draft document as part of its review of the PM NAAQS. The second draft *Policy Assessment* includes consideration of CASAC and public comments on the first draft *Policy Assessment* (March 2010) as well as additional analyses conducted by OAQPS. This draft document builds upon the key scientific and technical information contained in the Agency's *Integrated Science Assessment (ISA) for Particulate Matter: Final Report* (December 2009) as well as the two forthcoming final assessment documents titled *Particulate Matter Urban-Focused Visibility Assessment: Final Report* (June 2010) and *Quantitative Health Risk Assessment for Particulate Matter: Final Report* (June 2010).

Background information about the formation of the CASAC Particulate Matter Review Panel was published in the **Federal Register** on March 8, 2007 (72 FR 10527-10528). The Panel previously held a public teleconference on November 30, 2007 (announced November 8, 2007 in 72 FR 63177-63178) to provide consultative advice on EPA's *Draft Integrated Review Plan for the National Ambient Air Quality Standards for Particulate Matter* (October 2007), the first document in this review of the PM NAAQS.

On April 1-2, 2009, CASAC reviewed the *Integrated Science Assessment for Particulate Matter—First External Review Draft* (December 2008), and provided consultative advice on *Particulate Matter National Ambient Air Quality Standards: Scope and Methods Plan for Health Risk and Exposure Assessment* (February 2009) and *Particulate Matter National Ambient Air Quality Standards: Scope and Methods Plan for Urban Visibility Impact Assessment* (February 2009). The April 1-2, 2009 meeting was announced February 19, 2009 in 74 FR 7688-7689. As announced September 10, 2009 in 74 FR 46586-46587, on October 5-6, 2009,
