For mandipropamid a dossier was submitted by Syngenta AG to the authorities of Austria on 13 December 2005 with an application to obtain its inclusion in Annex I to Directive 91/414/EEC. For meptyldinocap a dossier was submitted by Dow AgroSciences to the authorities of the United Kingdom on 12 August 2005 with an application to obtain its inclusion in Annex I to Directive 91/414/EEC.
- (3) The authorities of the United Kingdom and Austria have indicated to the Commission that, on preliminary examination, the dossiers for the active substances concerned appear to satisfy the data and information requirements set out in Annex II to Directive 91/414/EEC. The dossiers submitted appear also to satisfy the data and information requirements set out in Annex III to Directive 91/414/EEC in respect of one plant protection product containing the active substance concerned. In accordance with Article 6(2) of Directive 91/414/EEC, the dossiers were subsequently forwarded by the respective applicants to the Commission and other Member States, and were referred to the Standing Committee on the Food Chain and Animal Health.
- (4) By this Decision it should be formally confirmed at Community level that the dossiers are considered as satisfying in principle the data and information requirements provided for in Annex II and, for at least one plant protection product containing the active substance concerned, the requirements set out in Annex III to Directive 91/414/EEC.
- (5) This Decision should not prejudice the right of the Commission to request the applicant to submit further data or information in order to clarify certain points in the dossier.

<sup>(1)</sup> OJ L 230, 19.8.1991, p. 1. Directive as last amended by Commission Directive 2006/41/EC (OJ L 187, 8.7.2006, p. 24).
