

PART 176—INDIRECT FOOD ADDITIVES: PAPER AND PAPERBOARD COMPONENTS

Authority: 21 U.S.C. 321, 342, 346, 348, 379e.

5. Section 176.170 is amended in the table in paragraph (b)(2) by alphabetically adding an entry under the headings "List of Substances" and "Limitations" to read as follows:

§ 176.170 Components of paper and paperboard in contact with aqueous and fatty foods.

* * * * *
(b) * * *
(2) * * *

4. The authority citation for 21 CFR part 176 continues to read as follows:

List of substances	Limitations
* * * * *	* * * * *
Butanedioic acid, sulfo-1,4-di-(C ₉ -C ₁₁ alkyl) ester, ammonium salt (also known as butanedioic acid, sulfo-1,4-diisodecyl ester, ammonium salt [CAS Reg. No. 144093-88-9]).	For use as a surface active agent in package coating inks at levels not to exceed 3 percent by weight of the coating ink.
* * * * *	* * * * *

6. Section 176.180 is amended in the table in paragraph (b)(2) by alphabetically adding an entry under the headings "List of substances" and "Limitations" to read as follows:

§ 176.180 Components of paper and paperboard in contact with dry food.

* * * * *
(b) * * *
(2) * * *

List of substances	Limitations
* * * * *	* * * * *
Butanedioic acid, sulfo-1,4-di-(C ₉ -C ₁₁ alkyl) ester, ammonium salt (also known as butanedioic acid, sulfo-1,4-diisodecyl ester, ammonium salt [CAS Reg. No. 144093-88-9]).	For use as a surface active agent in package coating inks at levels not to exceed 3 percent by weight of the coating ink.
* * * * *	* * * * *

PART 178—INDIRECT FOOD ADDITIVES: ADJUVANTS, PRODUCTION AIDS, AND SANITIZERS

Authority: 21 U.S.C. 321, 342, 348, 379e.

8. Section 178.3400 is amended in the table in paragraph (c) by alphabetically adding an entry under the headings "List of substances" and "Limitations" to read as follows:

§ 178.3400 Emulsifiers and/or surface active agents.

* * * * *
(c) * * *

7. The authority citation for 21 CFR part 178 continues to read as follows:

List of substances	Limitations
* * * * *	* * * * *
Butanedioic acid, sulfo-1,4-di-(C ₉ -C ₁₁ alkyl) ester, ammonium salt (also known as butanedioic acid, sulfo-1,4-diisodecyl ester, ammonium salt [CAS Reg. No. 144093-88-9]).	For use as a surface active agent as provided in §§ 175.105, 175.125, 176.170, and 176.180 of this chapter.
* * * * *	* * * * *

* * * * *
Dated: February 21, 2001.

L. Robert Lake,
Director of Regulations and Policy, Center for Food Safety and Applied Nutrition.
[FR Doc. 01-5512 Filed 3-6-01; 8:45 am]
BILLING CODE 4160-01-S

ACTION: Notice of Acceptability, correction; Request for Information, correction.

SUMMARY: The Environmental Protection Agency published in the **Federal Register** of December 18, 2000, a Notice of Acceptability and Request for Information related to the Significant New Alternatives Policy (SNAP) program. A number of typographical errors were made inadvertently. In addition, a commenter provided updated information about the flammability of one chemical presented in the notice. This document identifies and corrects these errors.

DATES: These corrections are effective on March 7, 2001. Please submit any information in response to the December 18, 2000 requests for information by May 7, 2001.

FOR FURTHER INFORMATION CONTACT: Margaret Sheppard by telephone at (202) 564-9163, by fax at (202) 565-2141, by e-mail at sheppard.margaret@epa.gov, or by mail at U.S. Environmental Protection Agency, Mail Code 6205J, Washington, D.C. 20460. Overnight or courier deliveries should be sent to the office location at 501 3rd Street, N.W., Washington, D.C., 20001. Further information can be found by calling the Stratospheric Protection Hotline at (800) 296-1996, or by viewing EPA's Ozone Depletion World Wide Web site at www.epa.gov/ozone/title6/snap/.

SUPPLEMENTARY INFORMATION: The Environmental Protection Agency published in the **Federal Register** of December 18, 2000 (65 FR 78977), a Notice of Acceptability and Request for Information related to the Significant

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 82

Protection of Stratospheric Ozone: Notice 14 for Significant New Alternatives Policy Program; Correction

AGENCY: Environmental Protection Agency.

New Alternatives Policy (SNAP). In FR Doc. 00-31946, published on December 18, 2000, a number of typographical errors were made inadvertently. In addition, a commenter provided updated information about the flammability of one chemical presented in the notice, showing that a statement in the notice was in error. This document identifies and corrects these errors.

In FR Doc. 00-31946, published on December 18, 2000 (65 FR 78977), in the "Supplementary Information" section make the following corrections:

1. On p. 78978, seventeenth and eighteenth lines from the top of the first column, correct the third bullet in EPA's decision for HFE-7100 to read "CFC-13, R-13B1, and R-503 in very low temperature refrigeration."

2. On p. 78978, fifth and sixth lines from the bottom of the first column, correct the third bullet in EPA's decision for HFE-7200 to read "CFC-13, R-13B1, and R-503 in very low temperature refrigeration."

3. On p. 78980, seventh line from the bottom of the third column under the heading "Flammability Information," remove the sentence, "HFC-365mfc has no flash point." Add the following sentences at the end of that paragraph: "HFC-365mfc has a flash point below -27 °C. This compound is flammable, but less flammable than hydrocarbon solvents."

4. On p. 78981, 32nd line from the top of the second column under the heading "Flammability Information," remove the sentence, "HFC-365mfc has no flash point." Add the following sentences at the end of that paragraph: "HFC-365mfc has a flash point below -27 °C. This compound is flammable, but less flammable than hydrocarbon solvents."

5. On p. 78984, in the ninth and tenth lines from the bottom of the third column, correct the reference to the ozone depletion potential of n-propyl bromide in the tropics to be "0.087 to 0.105."

6. On p. 78987, in the ninth and thirteenth lines from the top of the "Substitute" column in the table, for the end use of very low temperature refrigeration, remove the reference to "CFC-113" and add "CFC-13" in its place.

7. On p. 78988, in the eighth and fourteenth lines from the top of the "Substitute" column in the table, for the

end uses of centrifugal and reciprocating chillers, remove the references to "HCFC-12" and add "HCFC-22" in their place.

Dated: February 1, 2001.

Drusilla Hufford,

Director, Global Programs Division.

BILLING CODE 6560-50-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

50 CFR Part 17

RIN 1018-AG15

Endangered and Threatened Wildlife and Plants: Final Designation of Critical Habitat for the Arroyo Toad; Correction

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Final rule; Correction.

SUMMARY: The final rule to establish critical habitat for the arroyo toad was published in the **Federal Register** on February 7, 2001; the effective date for this final rule is March 9, 2001. This document contains corrections to the Final Designation of Critical Habitat for the Arroyo Toad. These corrections are necessary to provide the correct name for the Fallbrook Naval Weapons Station and to clarify the maps provided with the critical habitat designation. As noted in the final rule, the GIS maps are provided to assist the public in identifying areas that may fall within the designation. The legal descriptions of the critical habitat designation required by regulation (50 CFR 424.12(c)) are the UTM coordinates that provide specific limits using reference points as found on standard topographic maps of the areas. These coordinates and legal descriptions are correct as published in the **Federal Register**.

DATES: This correction is effective March 9, 2001.

FOR FURTHER INFORMATION CONTACT: For information about Monterey, San Luis Obispo, Santa Barbara, and Ventura Counties, northern Los Angeles County and the desert portion of San Bernardino County, contact Diane Noda, Field Supervisor, Ventura Fish and Wildlife Office, 2394 Portola Road,

Suite B, Ventura, California, (telephone 805/644-1766; facsimile 805/644-3958). For information about southern Los Angeles and urban and montane San Bernardino Counties, and Riverside, Orange, and San Diego Counties, contact Ken Berg, Field Supervisor, Carlsbad Fish and Wildlife Office, 2730 Loker Avenue West, Carlsbad, California 92008 (telephone 760/431-9440; facsimile 760/431-9624).

SUPPLEMENTARY INFORMATION: On February 7, 2001, the U.S. Fish and Wildlife Service (Service) designated critical habitat for the arroyo toad (*Bufo californicus*) pursuant to the Endangered Species Act of 1973, as amended (Act) (66 FR 9414). A total of approximately 73,780 hectares (182,360 acres) in Monterey, Santa Barbara, Ventura, Los Angeles, San Bernardino, Riverside, Orange, and San Diego Counties, California, is designated as critical habitat.

As published, the final rulemaking contained errors in the title of the Fallbrook Naval Weapons Station and in the maps depicting critical habitat for units 1-22. In the final rule we inadvertently referred to the Fallbrook Naval Weapons Station as a Reserve. In addition, we mistakenly included draft maps, rather than the final, of the designated critical habitat. We are providing corrected GIS maps. These GIS maps are not the legal descriptions of the habitat. We provided legal descriptions, as required by regulation (50 CFR 424.12(c)), with specific limits using reference points (UTM coordinates) as found on standard topographic maps of the areas; the legal descriptions in the final rule are correct. The GIS maps are provided to help the public understand the general location of the designated critical habitat.

Accordingly, make the following corrections to FR Doc. 01-2253 published at 66 FR 9413 on February 7, 2001:

PART 17—[CORRECTED]

1. On pages 9427 and 9436, in the middle columns, correct "Fallbrook Naval Weapons Reserve" to read as follows:

Fallbrook Naval Weapons Station
