WASTE MANAGEMENT (FOOD WASTE) REGULATIONS 2009

I, JOHN GORMLEY, Minister for the Environment, Heritage and Local Government, in exercise of the powers conferred on me by sections 7, 18, 28, 29, 34, 36, 38 and 39 of the Waste Management Acts 1996 to 2008 hereby make the following regulations:

PART I

PRELIMINARY AND GENERAL

Citation

1. These Regulations may be cited as the Waste Management (Food Waste) Regulations 2009.

Interpretation

2. (1) In these Regulations, any reference to a Regulation or Schedule that is not otherwise identified is a reference to a Regulation of, or Schedule to, these Regulations.

(2) In these Regulations, any reference to a paragraph or subparagraph that is not otherwise identified is a reference to the paragraph or subparagraph of the provision in which the reference occurs.

(3) In these Regulations, save where the context otherwise requires—

“Act” means the Waste Management Acts 1996 to 2008;

“Act of 1992” means the Environmental Protection Agency Act 1992 (No. 7 of 1992) as amended by Part 2 of the Protection of the Environment Act 2003 (No. 27 of 2003) and Section 107 of the Water Services Act 2007 (No. 30 of 2007);

“Act of 2000” means the Planning and Development Acts 2000 to 2009;

“any Minister of the Government concerned” means any Minister of the Government (other than the Minister) who, having regard to the functions vested in him or her, in the opinion of the Minister might be concerned with or interested in the matter in question;

“Agency” means the Environmental Protection Agency established under section 19 of the Act of 1992;

“animal by-products” have the meaning assigned to them by article 2 of Regulation 1774 and by article 3 of Regulation 1069;

*Notice of the making of this Statutory Instrument was published in
“Iris Oifigiúil” of 18th December, 2009.*

“authorised facility”, for the purposes of these Regulations, shall mean a facility that is authorised for the treatment of waste in accordance with—

- (a) section 39 of the Act or section 82 of the Act of 1992 for the acceptance of food waste; and
- (b) planning requirements, other than where—
 - (i) an exemption from planning permission has been issued for the facility through a declaration by a planning authority under section 5 of the Act of 2000, or
 - (ii) the facility does not constitute an unauthorised structure within the meaning of section 2 of the Act of 2000;
 and, where appropriate,
- (c) Part 4 of the European Communities (Transmissible Spongiform Encephalopathies and Animal By-Products) Regulations 2008¹ to accept and treat the relevant types of food waste;

“authorised person” means a person who is appointed in writing by—

- (a) a local authority,
- (b) any Minister of the Government concerned,
- (c) the Agency,
- (d) the Commissioner of the Garda Síochána (or a member of the Garda Síochána nominated by that Commissioner for the purposes of appointing authorised persons under the Act),
- (e) the Minister for Agriculture, Fisheries and Food,
- (f) the Sea Fisheries Protection Authority,
- (g) the Health Service Executive,
- (h) the Food Safety Authority of Ireland, or
- (i) such other person as may be prescribed, to be an authorised person for the purposes of some or all of these Regulations;

“authorised treatment process”, for the purposes of these Regulations, shall mean—

- (a) processing, transformation or use as raw material in an authorised facility, other than incineration, which

¹S.I. No. 252 of 2008, as amended by S.I. No. 291 of 2009 and S.I. No. 345 of 2009.

- (i) produces a stabilised output, which fulfils all relevant product, environmental and health protection requirements for the specific use, and
- (ii) will not lead to overall adverse environmental or human health impacts when used principally as—
 - a fertiliser, or
 - a soil improver, or
 - a replacement for fossil fuel in energy production processes, or
 - a petfood, or
 - such other lawful use, other than disposal, as may be approved by the Agency.

- (b) Where the Agency certifies that adequate processing facilities under (a) are not available, treatment in other authorised facilities;

“authorised waste collector” means a local authority or, as the case may be, a person authorised under section 34 of the Act to collect the relevant classes of food waste and organic waste;

“catering waste” means all waste food including used cooking oil originating in restaurants, catering facilities and kitchens, including central kitchens and household kitchens;

“certificate of registration” means a certificate of registration issued under the Facility Permit Regulations or the Waste Management (Permit) Regulations 1998²;

“Collection Permit Regulations” means the Waste Management (Collection Permit) Regulations 2007³ as amended by the Waste Management (Collection Permit) (Amendment) Regulations 2008⁴;

“competent authority” means the authority responsible for the supervision and enforcement of the relevant regulatory requirements within these Regulations and includes, as the case may be, a local authority, the Agency, Department of Agriculture, Fisheries and Food, or, where appropriate, other Government Departments or Agencies;

“competent person”, for the purposes of compiling a food waste management plan or a food waste management implementation report, means a person with knowledge of the responsibilities and requirements for the management of food waste that derive from these Regulations and who is competent, on the basis of appropriate education, training and/or experience, to document the necessary tasks and steps to be undertaken to meet these obligations;

“written” or “in writing” means any expression consisting of words or figures which can be read, reproduced and subsequently communicated and which may include information which is transmitted and stored by electronic means.

Scope of Regulations

3. (1) Subject to paragraphs (2) and (3), these Regulations shall apply to food waste arising at, or collected from, the premises of the producers listed in the specified classes of Schedule 1 to these Regulations.

(2) These Regulations shall not apply:

(a) prior to 1 July 2011 and notwithstanding paragraph (5), to premises where the amounts of food waste produced are less than 50 kg per week, other than where a local authority otherwise—

(i) provides for relevant policy objectives under a waste management plan, or

(ii) applies conditions under a waste collection permit, or

(iii) applies conditions under a waste presentation bye-law, or

(b) to Category 1 animal by-products within the meaning of Regulation 1774 and Regulation 1069, which shall be

(i) collected and treated in accordance with the requirements of that Regulation, and

(ii) in the case of food waste that has arisen from a means of transport operating internationally, it may also be disposed of as waste by burial in a landfill approved under Directive 1999/31/EC in accordance with the requirements of Regulation 1774 and Regulation 1069, or

- (c) to Category 2 animal by-products within the meaning of Regulation 1774 and Regulation 1069, which shall be collected and treated in accordance with the requirements of that Regulation; or
- (d) to food waste arising at a premises of a type mentioned in Class 7 of Schedule 1 which is—
 - (i) contaminated so as to pose a risk to human or animal health through an infectious disease, or
 - (ii) otherwise prohibited or withdrawn for use as a food or feed,
 and which shall be collected and treated in accordance with the requirements of Regulation 1774 and Regulation 1069.

(3) The exception available under paragraph 2(a) shall only apply where a written declaration is made to the relevant competent authority in accordance with paragraph (4) prior to 1 July 2010.

(4) For the purposes of paragraph (3), a written declaration claiming an exception for a premises from the Regulations on the basis of food waste generation levels of less than 50 kg per week shall be made by—

- (a) a person who supplies food at the premises, or
- (b) the occupier of the premises, or
- (c) a person acting on behalf of the supplier of food or occupier.

(5) Without prejudice to the power of any local authority to provide for relevant policy objectives under a waste management plan or to apply conditions under a waste collection permit or under a waste presentation bye-law, these Regulations shall not apply to off-shore islands.

Entry into force

4. (1) These Regulations shall come into operation on 1 January 2010.

(2) The provisions of Regulations 7, 8, 9, 10, 11, 12 and 13 shall have effect from 1 July 2010.

Transitional arrangements

5. (1) Regulations 15(a) to 15(c) and 16(a) to 16(b) shall not apply to an application for, as the case may be, a waste collection permit, waste facility permit or a certificate of registration that is received by a local authority before 1 January 2010.

(2) For the purposes of this Regulation, “an application” shall include an application for a review of a waste collection permit, waste facility permit or certificate of registration.

PART II

SEGREGATION AND PROCESSING OF FOOD WASTE

Food safety and hygiene

6. Nothing in these Regulations shall conflict with the requirements of any enactment in respect of food safety and hygiene standards.

Food waste arising on a producer's premises

7. (1) Subject to paragraphs (3) and (4) and without prejudice to the power of any local authority to provide for additional policy objectives under a relevant waste management plan or to apply more onerous conditions under a waste collection permit or under a waste presentation bye-law, a producer shall ensure, as a minimum, that—

- (a) food waste arising on the producer's premises is source segregated and kept separate from non-biodegradable materials, other waste and contaminants, and
 - (b) source segregated food waste arising on the producer's premises is—
 - (i) collected by an authorised waste collector and transferred for an authorised treatment process, or
 - (ii) subjected to an authorised treatment process on the premises where the food waste was produced, or
 - (iii) transferred directly by the producer for the purposes of an authorised treatment process, subject to the producer being able to produce satisfactory documentary evidence, in the reasonable opinion of the local authority, of the treatment of the food waste at an authorised facility.
- (2) Section 34(1)(a) of the Act shall not apply in respect of—
- (a) a producer entered in the animal by-products transport register under Part 4 of the European Communities (Transmissible Spongiform Encephalopathies and Animal By-Products) Regulations 2008⁴⁰, or
 - (b) a producer transferring source segregated food waste arising on his premises for the purposes of an authorised treatment process in accordance with paragraph (1)(b) (iii), provided that the vehicle used for the transfer is—
 - (i) transporting the waste in compliance with the general requirements of article 4 of Directive 2006/12/EC⁶, and
 - (ii) facilitating the transfer of the waste for the purposes of an authorised treatment process, and

⁶O J L 114, 27.04.2006, p 9.

⁴⁰S.I. No. 252 of 2008, as amended by S.I. No. 291 of 2009 and S.I. No. 345 of 2009.

- (iii) registered in accordance with the provisions of section 131 of the Finance Act 1992 (No. 9 of 1992), and, as appropriate,
- (iv) licensed under section 1 of the Finance (Excise Duties) (Vehicles) Act 1952 or section 21 of the Finance (No. 2) Act 1992.

(3) For the purposes of subparagraph (1)(b), “source segregated food waste” shall mean food waste which is kept separate in accordance with the definition of “source segregation” in Regulation 2 and subparagraph (1)(a).

(4) Notwithstanding paragraph (1) and subject to any terms and conditions set down in, or arising from, Regulation 1774 or Regulation 1069 or from any approval issued for a facility under Regulation 1774 or Regulation 1069, a producer is not required to segregate catering waste from former foodstuffs within the meaning of Regulation 1774 or Regulation 1069 when these materials are to be subjected to an authorised treatment process at the same authorised facility.

(5) Producers shall take all reasonable steps to minimise the creation of odours and nuisance in discharging the obligations arising from this Regulation.

Handling and prohibition on contamination of food waste before and after collection

8. (1) Without prejudice to Regulations 7(4) and 9, food waste segregated or collected for the purposes of treatment in accordance with Regulation 7 shall not be—

- (a) mixed with other waste or other material with different properties, or
- (b) disposed of by a producer, authorised waste collector or any other person prior to delivery at an authorised facility for the purposes of an authorised treatment process.

(2) Following reception at an authorised facility for the purposes of an authorised treatment process and without prejudice to amendments made for the purposes of—

- (a) blending of food wastes with other suitable organic waste materials, or
- (b) improving the substance and structure of food waste

in order to facilitate the efficient and effective treatment of the food waste at that facility, a person shall not contaminate food waste.

(3) Paragraphs (1) and (2) shall not prejudice the disposal of waste which, in the reasonable opinion of the competent authority, is considered unsuitable for beneficial use arising out of any treatment operation authorised under the Act, the Act of 1992 or under Regulation 1774 or Regulation 1069.

Requirement to use a segregated collection service for food waste

9. (1) Where a source segregated waste collection service is available to producers of food waste and without prejudice to the conditions of a discharge licence or a waste collection permit, a person shall not—

- (a) deposit food waste in the residual waste collection, nor
- (b) use purpose built mechanical devices to shred or hydrate or otherwise alter the structure of food waste for the purposes of facilitating its discharge in waste water to a service connection, drain or sewer.

(2) Paragraph (1) shall not prejudice the disposal of food or other waste which, in the reasonable opinion of the competent authority, is considered unsuitable, as the case may be, for source segregation and processing or subsequent beneficial use arising out of any operation carried out by an authorised treatment facility.

(3) Notwithstanding any contractual arrangement to the contrary effect an authorised waste collector shall not-

- (a) be obliged to collect or arrange for the collection of food waste from a producer where it considers that the said producer is not in compliance with the requirements of these Regulations,
- (b) accept food waste for disposal from a producer without first receiving a written declaration, signed by the person in charge of the premises from which the waste is to be collected, stating that the producer will source segregate and present food waste for collection in compliance with Regulation 7.

(4) An authorised waste collector shall, on an annual basis, and by 31 December in each calendar year, inform the relevant local authority of persons who are refusing to avail of the source segregated waste collection service.

(5) Recovery operators, brokers and dealers shall furnish such information in relation to food waste collected, transferred, treated, recovered or disposed of within a specified period, in such form and at such frequency as may be specified by the Agency.

Trade Shows, Exhibitions and Events

10. Any person organising a trade show, exhibition or, as appropriate, any event where food is being supplied (other than an activity excluded from within the scope of Class 1 of Schedule 1 to these Regulations) shall—

- (1) be responsible for compliance with these Regulations,
- (2) ensure that any producer supplying food at the trade show, exhibition or, as appropriate, event concerned is compliant with the provisions of Regulations 7, 8 and 9,

(3) prepare a food waste management plan, in accordance with the provisions of Regulation 11, for submission to the relevant local authority in relation to the trade show, exhibition or, as appropriate, event concerned at which food is being supplied, and

(4) within 28 days of the conclusion of the trade show, exhibition or, as appropriate, event concerned, have prepared and submitted to the local authority a food waste management implementation report specifying the steps taken by the said person in order to comply with the food waste management plan and the requirements of these Regulations, and the results of those steps.

Food Waste Management Plans

11. (1) A person organising a trade show, exhibition or, as appropriate, event concerned shall—

(a) on the date of commencement of the trade show, exhibition or, as appropriate, event concerned, have—

(i) prepared,

(ii) submitted to the relevant local authority at least 30 days prior to the commencement of the trade show, exhibition or, as appropriate, event concerned

a food waste management plan specifying the steps to be taken by that person in order to comply with the requirements of Regulation 10(3).

(2) A food waste management plan shall—

(a) provide detailed information in respect of the proposed supply of food at the trade show, exhibition or, as appropriate, event concerned regarding the use, type, quantity, origin, management arrangements and destination of food waste by that producer, and

(b) include the steps which the person intends to take to ensure the environmentally sound management of food waste, and

(c) contain at least the information set out in Part 1 of Schedule 2.

(3) A copy of a food waste management plan prepared for the purpose of this Regulation shall be made available for inspection for the duration of the trade show, exhibition or, as appropriate, event concerned, free of charge, by the person concerned to any person who so requests.

(4) The organiser of the trade show, exhibition or, as appropriate, event concerned shall implement the provisions of the food waste management plan.

(5) The relevant local authority shall determine the adequacy, in its reasonable opinion, of a food waste management plan.

(6) In determining the adequacy of a food waste management plan, a local authority shall ensure compliance with—

- (a) the requirements of these Regulations, and
- (b) the policy objectives of the National Strategy on Biodegradable Waste⁴¹, and
- (c) the objectives and targets of the relevant waste management plan, and
- (d) the requirements of Directive 1999/31/EC⁵.

(7) Where a local authority considers, in its reasonable opinion, that the food waste management plan submitted by a person under paragraph (1) is not satisfactory in terms of its scope, detail or in respect of the steps which the person intends to take to ensure the environmentally sound management of food waste, it shall notify the person that a revised waste management plan must be submitted by that person for approval by the local authority at least 10 days prior to the commencement of the trade show, exhibition or, as appropriate, event concerned.

(8) Where a number of trade shows, exhibitions or, as appropriate, events are being held at the same venue over the course of a calendar year, a single food waste management plan may be prepared on behalf of the venue in accordance with the requirements of paragraph (2) to cover all such occasions, provided that submission to the relevant local authority takes place

- (a) by 31 May 2010 in respect of events scheduled after 1 July 2010 in respect of the calendar year 2010, and
- (b) by 30 November of the previous calendar year in respect of each calendar year for events scheduled after 1 January 2011.

Power of a local authority to require submission of information

12. (1) Where a producer does not produce satisfactory evidence, in the reasonable opinion of the competent authority, of appropriate management of waste in accordance with Regulation 7, a local authority may, subject to paragraph (8) and by notice in writing, require a producer to furnish—

- (a) a food waste management implementation report in respect of a specified period,
- (b) such other information as may be specified in the notice regarding the use, type, quantity, origin, management arrangements and destination of food waste by that producer, the steps taken in order to comply with any requirement of these Regulations, and the results of those steps, or

⁵O J L 182, 16.07.1999, p 1.

⁴¹National Strategy on Biodegradable Waste, published by the Department of the Environment, Heritage and Local Government (April 2006).

(c) evidence of the origin, use, type, quantities, management arrangements and destination of food waste generated by the producer concerned.

(2) A notice under paragraph (1) may specify the manner in which any matter is to be set out or addressed in a food waste management implementation report, or the nature of the evidence to be furnished, as the case may be.

(3) A producer on whom a notice under this Regulation has been served shall, within the period specified in the notice, comply with the terms thereof.

(4) A food waste management implementation report in accordance with the provisions of paragraphs (1) and (2) or, as the case may be, Regulation 10(4) shall contain at least the information set out in Part 2 of Schedule 2.

(5) The relevant local authority shall determine the adequacy, in its reasonable opinion, of a food waste management implementation report.

(6) In determining the adequacy of a waste management implementation report, a local authority shall ensure compliance with these Regulations and have regard to—

(a) the policy objectives of the National Strategy on Biodegradable Waste⁴², and

(b) the objectives and targets of the relevant waste management plan, and

(c) the requirements of Directive 1999/31/EC⁵.

(7) Subject to, in the reasonable opinion of the local authority, the submission of a satisfactory food waste management implementation report by a producer, a local authority may not require a producer to furnish in accordance with paragraph (1) a food waste management implementation report more frequently than once in any calendar year.

(8) A local authority may, by notice in writing, require a producer to furnish by 28 February of the specified year, an annual environmental report in respect of performance in the management of food waste for the previous calendar year.

(9) An annual environmental report prepared by a producer in response to a notification by a local authority under paragraph (8) shall include details of the—

(a) quantities of food discarded as waste

(b) quantities of food waste consigned to treatment,

(c) quantities of food waste managed by methods other than treatment,

⁵O J L 182, 16.07.1999, p 1.

⁴²National Strategy on Biodegradable Waste, published by the Department of the Environment, Heritage and Local Government (April 2006).

(d) measures proposed to reduce food waste, and

(e) measures adopted to reduce food waste.

(10) Where a local authority considers, in its reasonable opinion, that—

(a) the food waste management implementation report submitted by a person under paragraphs (1) and (2) or, as the case may be, Regulation 10(4), or

(b) an annual environmental report submitted by a producer under paragraphs (8) and (9)

is not satisfactory in terms of its scope, detail or in respect of the steps which the person intends to take to ensure the environmentally sound management of food waste, it shall notify the person that a revised food waste management implementation report or, as the case may be, an annual environmental report must be submitted by that person within 14 days of receipt of such a notice.

(11) Producers shall maintain and make available for the purposes of inspection by the local authority all supporting information used in the preparation of—

(a) a food waste management implementation report sought under paragraph (1), and

(b) an annual environmental report sought under paragraph (8).

Offences

13. (1) A producer who fails to comply with the relevant provisions of Regulations 6, 7, 8, 9, 10, 11 or 12 shall be guilty of an offence.

(2) A person who fails to comply with the relevant provisions of Regulations 6, 7, 8, 9, 10, 11 or 12 shall be guilty of an offence.

(3) (a) An authorised waste collector, or, as the case may be

(b) a person entered in the animal by-products transport register under Part 4 of the European Communities (Transmissible Spongiform Encephalopathies and Animal By-Products) Regulations 2008⁴³

who fails to comply with the relevant provisions of Regulations 7, 8 or 9 shall be guilty of an offence.

(4) A person shall not compile information, which he or she knows to be false or misleading in a material respect, or furnish any such information in support of an application or in response to any notice or other document used for the purposes of these Regulations and any person who does so shall be guilty of an offence.

⁴³S.I. No. 252 of 2008, as amended by S.I. No. 291 of 2009 and S.I. No. 345 of 2009.

(5) A person who fails to comply with a notice or to provide information which a competent authority requires under these Regulations shall be guilty of an offence.

Liability of persons other than the principal offender

14. Where the commission of an offence in relation to the non-compliance by a person of these Regulations is due to an act or default committed by some other person, the other person may be the subject of proceedings and be convicted of an offence without prejudice to any proceedings which may be taken against the first-named person.

PART III

Minister for the Environment, Heritage and
Local Government.

EXPLANATORY NOTE

(This note is not part of the Instrument and does not purport to be a legal interpretation.)

These Regulations are designed to promote the segregation and recovery of food waste arising in the commercial sector. They will facilitate in particular the achievement of the targets set out in Directive 99/31/EC on the landfill of waste for the diversion of biodegradable municipal waste from landfill sites to composting and to other forms of authorised treatment. They will also increase the amount of food waste that is recovered.

The Regulations impose obligations on the major sources of food waste, such as State buildings where food is prepared, restaurants and cafés, hot food outlets, canteens, hotels and larger guest houses, supermarkets and other food retailers, to segregate these materials and make them available for separate collection. Alternatively, these materials can be treated on the premises where they arise under specified conditions.
