## Endnotes

### Endnote 1--About the endnotes

The endnotes provide information about this compilation and the compiled law.

The following endnotes are included in every compilation:

### Endnote 1--About the endnotes

### Endnote 2--Abbreviation key

### Endnote 3--Legislation history

### Endnote 4--Amendment history

## **Abbreviation key--Endnote 2**

The abbreviation key sets out abbreviations that may be used in the endnotes.

## **Legislation history and amendment history--Endnotes 3 and 4**

Amending laws are annotated in the legislation history and amendment history.

The legislation history in endnote 3 provides information about each law that has amended (or will amend) the compiled law. The information includes commencement details for amending laws and details of any application, saving or transitional provisions that are not included in this compilation.

The amendment history in endnote 4 provides information about amendments at the provision (generally section or equivalent) level. It also includes information about any provision of the compiled law that has been repealed in accordance with a provision of the law.

## **Editorial changes**

The [Legislation Act 2003](#) authorises First Parliamentary Counsel to make editorial and presentational changes to a compiled law in preparing a compilation of the law for registration. The changes must not change the effect of the law. Editorial changes take effect from the compilation registration date.

If the compilation includes editorial changes, the endnotes include a brief outline of the changes in general terms. Full details of any changes can be obtained from the Office of Parliamentary Counsel.

**Misdescribed amendments**

A misdescribed amendment is an amendment that does not accurately describe how an amendment is to be made. If, despite the misdescription, the amendment can be given effect as intended, then the misdescribed amendment can be incorporated through an editorial change made under [section 15V](#) of the [Legislation Act 2003](#).

If a misdescribed amendment cannot be given effect as intended, the amendment is not incorporated and "(md not incorp)" is added to the amendment history.
