**of 18 February 2026**

**amending Implementing Regulation (EU) 2023/2200 as regards administrative changes to the Union authorisation of the biocidal product family 'HCl Disinfecting Toilet Bowl Cleaner'**

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 528/2012 of the European Parliament and of the Council of 22 May 2012 concerning the making available on the market and use of biocidal products <sup>(1)</sup>, and in particular Article 50(2) thereof,

Whereas:

- (1) On 19 October 2023, Commission Implementing Regulation (EU) 2023/2200 <sup>(2)</sup> granted a Union authorisation, under number EU-0030299-0000, to SC Johnson Europe Sàrl for the making available on the market and use of the biocidal product family 'HCl Disinfecting Toilet Bowl Cleaner'. The Annex to that Implementing Regulation provides the summary of product characteristics for that biocidal product family.
- (2) On 22 May 2024, SC Johnson Europe Sàrl submitted to the European Chemicals Agency ('the Agency'), in accordance with Article 11(1) of Commission Implementing Regulation (EU) 354/2013 <sup>(3)</sup>, a notification of administrative changes to the Union authorisation for the biocidal product family 'HCl Disinfecting Toilet Bowl Cleaner', as referred to in Title 1, Section 1, of the Annex to that Regulation. The notification was recorded in the Register for Biocidal Products ('Register') under case number BC-AR095155-26. The notified proposed changes to that authorisation concern the addition and modification of several names of biocidal products.
- (3) On 28 June 2024, the Agency submitted to the Commission, in accordance with Article 11(3) of Implementing Regulation (EU) No 354/2013, an opinion <sup>(4)</sup> on the notified administrative changes to the Union authorisation for the biocidal product family 'HCl Disinfecting Toilet Bowl Cleaner'. In its opinion, the Agency concludes that the proposed changes are administrative changes as referred to in Article 50(3), point (a), of Regulation (EU) No 528/2012 and as specified in Title 1, Section 1, of the Annex to Implementing Regulation (EU) No 354/2013, and that after the implementation of the changes, the conditions of Article 19 of Regulation (EU) No 528/2012 will still be met.
- (4) On 28 June 2024, the Agency transmitted to the Commission a revised summary of the product characteristics for the biocidal product family 'HCl Disinfecting Toilet Bowl Cleaner' in all official languages of the Union, covering the administrative changes applied for, in accordance with Article 11(6) of Implementing Regulation (EU) No 354/2013.
- (5) The Commission concurs with the opinion of the Agency and therefore considers it appropriate to amend the Union authorisation for the biocidal product family 'HCl Disinfecting Toilet Bowl Cleaner' to introduce the administrative changes requested by SC Johnson Europe Sàrl.

<sup>(2)</sup> Commission Implementing Regulation (EU) 2023/2200 of 19 October 2023 granting a Union authorisation for the biocidal product family 'HCl Disinfecting Toilet Bowl Cleaner' in accordance with Regulation (EU) No 528/2012 of the European Parliament and of the Council (OJ L, 2023/2200, 20.10.2023, ELI: [http://data.europa.eu/eli/reg\\_impl/2023/2200/oj](http://data.europa.eu/eli/reg_impl/2023/2200/oj)).

<sup>(3)</sup> Commission Implementing Regulation (EU) No 354/2013 of 18 April 2013 on changes of biocidal products authorised in accordance with Regulation (EU) No 528/2012 of the European Parliament and of the Council (OJ L 109, 19.4.2013, p. 4, ELI: [http://data.europa.eu/eli/reg\\_impl/2013/354/oj](http://data.europa.eu/eli/reg_impl/2013/354/oj)).

<sup>(4)</sup> ECHA opinion UAD-C-1743399-18-00/F of 28 June 2024 on administrative changes of the Union authorisation of the biocidal product family 'HCl Disinfecting Toilet Bowl Cleaner', <https://echa.europa.eu/opinions-on-applications-for-union-authorisation>.

- (6) Except for the amendments regarding the administrative changes, all other information included in the summary of the biocidal product characteristics of 'HCl Disinfecting Toilet Bowl Cleaner', as set out in the Annex to Implementing Regulation (EU) 2023/2200, remains unchanged.
- (7) In order to enhance clarity and to ease the access of users and interested parties to the consolidated version of the summary of the biocidal product characteristics which is to be published by the Agency, the Annex to Implementing Regulation (EU) 2023/2200 should be replaced in its entirety. Due to a change in the format used for the generation of the summary of biocidal product characteristics in the Register in February 2024, the summary of biocidal product characteristics in that Annex should also include some minor editorial and layout changes.
- (8) Implementing Regulation (EU) 2023/2200 should therefore be amended accordingly,
