THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2024/573 of the European Parliament and of the Council of 7 February 2024 on fluorinated greenhouse gases, amending Directive (EU) 2019/1937 and repealing Regulation (EU) No 517/2014 <sup>(1)</sup>, and in particular Article 17(1) thereof,

Whereas:

- (1) Commission Implementing Decision (EU) 2024/2767 <sup>(2)</sup> determines reference values for the period from 1 January 2025 to 31 December 2026 for each producer or importer that has lawfully placed on the market hydrofluorocarbons for the relevant reference period, in accordance with Regulation (EU) 2024/573.
- (2) It is necessary to correct Implementing Decision (EU) 2024/2767 in order to rectify errors with respect to a few importers and producers. Firstly, the address of two undertakings should be corrected. Secondly, two undertakings should not have received a reference value since they did not have a valid registration in the F-gas Portal at the time of the adoption of that Implementing Decision; thus they should be removed from the Implementing Decision. Thirdly, two undertakings that received individual reference values merged into one single undertaking prior to the adoption of that Implementing Decision; thus only that single undertaking should remain in the Implementing Decision and their reference value should be adapted pursuant to Article 17(2) of Regulation (EU) 2024/573. Finally, one undertaking should have received a reference value and should thus be added in the Implementing Decision.
- (3) Implementing Decision (EU) 2024/2767 applies from 1 January 2025. The corrections introduced with this Decision should therefore apply from the same date.
