## **Toxic Substances Control Act (TSCA): Mercury and Mercury compounds that are prohibited to be exported from the United States under TSCA Section 12(c) (EPA Flag 12C)**

Special flags are used throughout the TSCA Inventory to identify substances on the Inventory that are subject of the EPA rule or order promulgated under TSCA, as well as to indicate types of full or partial exemptions from TSCA reporting requirements.

The flag for **12c** indicates a substance that is prohibited to be exported from the United States under TSCA section 12(c).

More information about the EPA Regulatory Flags and the TSCA Inventory can be found here: [How to Access the TSCA Inventory | US EPA](#).
